### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Leonard Mitchard, Attorney for Applicant, on 09/24/2004.

### **IN THE CLAIMS-**

Claims 17-20 have been cancelled without prejudice.

### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: Applicant has approved the cancellation by Examiner's Amendment, without prejudice, of claims 17-20 (drawn to methods of treating any disease or condition using the claimed formulations). The pending claims 20-30 are drawn to distinctly claimed and enabled methods of using the same scope of the formulations allowed in Parent Application 09/991,714. Additionally, as in Parent Application 09/991,714 (now US Patent No. 6,777,386), Applicant has filed a Terminal Disclaimer over U.S. Patent No. 6,337,318. The pending claims 20-30, as drawn to methods of using the same scope of the formulations allowed in Parent Application 09/991,714 (now US Patent No. 6,777,386), were not found to be reasonably taught or suggested by the prior art of record.

Art Unit: 1654

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### *Conclusion*
